Lindquist Asked to Resign from Chairmanship

Of Republican State Central Committee—Lindquist is Gov. Burnquist's Secretary

(By United Press)

St. Paul, Jan. 28—Gustaf Lindquist, secretary of Governor Burnquist, and chairman of the republican state central committee, was to be asked late today to resign as chairman of the committee. Leavitt Corning, prominent republican and member of the committee, made public an open letter that asked Lindquist to submit his resignation. The committee met at 2 o'clock to arrange for the selection of a delegation to the republican national convention. Lindquist who is also a member of the republican national committee, is well known throughout the country. He refused to make a statement today. Corning is president of the republican Lincoln club of St. Paul. He has opposed Lindquist for several years.

Status of Bi-Partisan Conference Revealed

When Conference Was Interrupted Agreements Had Been Reached on Most Reservations

By L. C. MARTIN

(United Press Staff Correspondent.) Washington, Jan. 28—Exact information concerning the status of the bipartisan treaty conferences obtained today, showed that when the secret conferences were interrupted by the revolt of the irreconcilables and Senator Lodge's ultimatum, agreement had been reached on seven points, with a tentative agreement on five others. The conference will be resumed tomorrow.

Definite agreement had been reached on these points:

The preamble; reservation three, relating to the refusal of the United States to accept a mandate except with the consent of congress; reservation four, relating to domestic questions; reservation eight, relating to the power of the reparation commission; reservation ten, on limitation of armaments; reservation eleven, relating to the treaty of nationals of a covenant breaking state; reservation twelve, relating to the rights of American citizens.

Tentative agreement had been reached on reservation two, relating to Article X; reservation one, relating to withdrawal from the league; reservation five, relating to the Monroe Doctrine; reservation nine, relating to payment of America's share in the league expenses, and reservation four relating to the unequal voting power.

These agreements are partially understood to cover twelve or fifteen divisions of the Lodge reservations.

Missing Seaplane

(By United Press)

Palm Beach, Jan. 28—The navy plane which was reported missing late yesterday, and the passengers including Rodman Wanamaker, II, today was safely landed at Vero, 70 miles north of here, according to a message from a member of the party. The seaplane had been missing 26 hours.

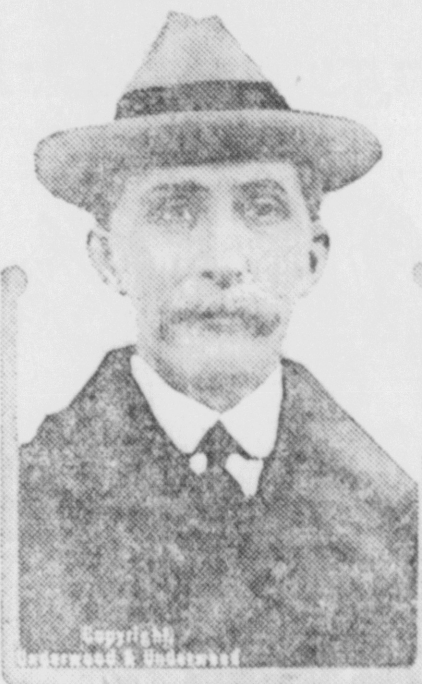

Offers \$5,000 For Proof of Communication With Spirits

(By United Press)

New York, Jan. 28—An offer of \$5,000 for indisputable proof of communication with the spirit world was made here today by Joseph P. Rinn former member of the society of physical research and one of the men who exposed the notorious Palladino.

Refuses Auditorium for Berger St. Paul, Jan. 28—The city council today unanimously refused to grant the use of the municipal auditorium for a speech by Victor Berger, convicted in Chicago under sentence under the espionage act, and two times refused a seat in congress after he was elected from the Milwaukee district.

SIR GEORGE PAISH

Sir George Paish of London, former editor of the Statist, is here on an unofficial mission sounding American financiers as to help for the rehabilitation of Europe.

Sea Plane Adrift in the Atlantic

While Repairs Were Made to the Engine—Drifted 60 Miles Off Course

(By United Press)

Palm Beach, Fla., Jan. 28—Apparently none the worse for the experience Rodman Wanamaker, the second, and five other members of his seaplane party, were resting here today after being adrift in the gulf stream for 26 hours.

Engine trouble developed shortly after the party left West End, Grand Bahama Islands, Monday afternoon for Palm Beach. They were forced to descend to the water.

Repairs were finally made at 3:30 yesterday afternoon after the party had drifted sixty miles off its course by high winds and had been without food or water for twenty-six hours.

Lieut. Commander David McCullough, a member of the NC-3 crew during her recent trans-Atlantic flight, piloted the machine. Other members were Caleb Bragg of New York, Curnee Munn of Philadelphia, Philip Boyer of New York and Jack Rutherford of New York and Newport.

Yesterday when the seaplane failed to arrive at its destination an alarm was sent and friends began to search. Scores of steamers and planes joined in the search. The seaplane landed at Vero, eight miles north of here late yesterday afternoon.

James Pershing, left, and G. J. Woods

While he was on the Pacific coast, General Pershing issued another statement saying that he was not a candidate for the presidential nomination, but his friends are going on with the "Pershing-for-President" movement. One of the principal workers is George J. Woods of Lincoln.

Drawing Jurors for Michigan Election Cases

J. L. O'SULLIVAN,

(United Press Staff Correspondent.)

Grand Rapids, Mich., Jan. 28—Selection of jurors in the Michigan election fraud trial started in the United States district court here today. Juror No. 13 was the first drawn from the ballot box. The balliff's announcement caused Judge Session and the audience considerable merriment. The court announced the hoodoo was broken when he said the balliff misread the number. It should have been 83 instead of 13. F. Ford was the only defendant not present when the court opened.

"He will be given the proper time to report, and if he is not here then, officers will be sent after him," said the court. All members of the jury panel were on hand, court attaches announced.

U. S. Ambassador to Mexico Resigns

Washington, Jan. 28—Official announcement that Henry Fletcher, United States ambassador to Mexico, has resigned, was made today by Secretary of State Lansing.

No Deaths Resulted from Polar Experience of Steamer Neff

Chicago, Jan. 28—No casualties resulted from the Polar experience of the lake steamer Sidney O. Neff, stranded in ice fields here for over a week, it was learned today.

The steamer Alabama crashed through seventy acres of ice fields to the Neff. It found all safe. This included a party of seven men who walked to the boat from the Chicago harbor before sharp weather drove the boat into open water. The Alabama is a steel vessel. It plowed through ice from one to six feet thick.

Neff Makes Port

Chicago, Jan. 28—The freighter Sidney O. Neff, ice bound off the Chicago harbor for nearly a week, made port today on her own steam and docked at the municipal pier.

The Neff was driven north in huge ice floes when the ice jam broke Monday.

The Fair Tax association, whose object in Brainerd is to discuss in all its phases the tonnage tax, came to the city with a large membership of citizens from the Mesaba and Vermillion ranges totalling 60.

The cities represented were Duluth, Aurora, Grand Rapids, Itawabik, Buhl, Hibbing, Eveleth, Gilbert, McKinley, Marble and Virginia. The afternoon session at the Brainerd Chamber of Commerce opens at 2:30 o'clock and the evening session at 8 o'clock.

Carl Zapffe, well known Brainerd geologist, will be the principal speaker for Brainerd and the Cuyuna iron range. The latter range is represented by men from Deepwood, Crosby, Ironton and other points.

The program in the afternoon includes these addresses: Welcoming address by W. H. Gemmell, appearing as a representative for F. H. Simpson, president of the Chamber of Commerce; Representative R. W. Hitchcock of Hibbing, who will outline the work of the tax association, he being versed in the work and being chairman of the executive committee; Secretary S. V. Saxby of Hibbing, who will make a report on official affairs; ratification of the resolutions adopted at Virginia; further addresses by Frank Randall, president of the Duluth Commercial club; by Fred B. James, city assessor Ely; Carl Zapffe, mining engineer and geologist of Brainerd; Attorney G. H. Lommen of Itawabik; C. W. Pfeiffer, public affairs secretary of the St. Paul association; R. H. Wise of Brainerd; E. C. Kiley, editor of the Grand Rapids Herald-Review; W. I. Prince, secretary Duluth Commercial club; Senator Michael Boylan of Virginia.

At the evening program citizens of Brainerd and vicinity are expected in large numbers.

"GO FORTH AS A PEOPLE TO FIGHT"

The Tonnage Tax Measure, Counsels Carl Zapffe in Address at Fair Tax Hearing

AFFECTS MORE THAN INDUSTRY

"Build up Constituencies as Unit Demanding No Tonnage Tax From Their Representatives"

In his address at the Fair Tax association meeting in Brainerd attended by representatives from Mesaba, Vermillion and Cuyuna ranges and by Crow Wing county citizens generally, Carl Zapffe said in part: "Do not delude yourselves into the thought that this is not your affair nor your fight, men of Crow Wing county. It is no longer a fight against the mining industry; the object of it all is more far-reaching. Every community in northern Minnesota must stand up and do its bounden duty and give whatever support may be requested.

Tonnage Tax Made Propaganda "The tonnage tax has been made men-propaganda and has been spread broadcast, and if you want to check it or kill it, you must filter into the masses yourselves. I care not whether you call it tonnage-tax or by any other name; anyway, tonnage-tax is the banner that has been chosen, and whatever the banner may stand for and on whatever platform it may wave you are going to fight it out in Minnesota on that subject. You must go forth as a people—not as an industry, meet with others of this state and endeavor to explain to them the injustice of it all. Build up constituencies there that as a unit will demand no tonnage tax from their representatives.

Southern Minnesota

"Why is it that it is always southern Minnesota that advocates these measures? That is a question that may be answered several ways. But it surely has become a section matter and no amount of denial will make it otherwise. We would oppose the bill now even if it had merit because we hate the idea that prompts it. We resent anything that even smacks of sectionalism.

Race Between Factions

"The passage of a tonnage tax bill has now become a race between two political factions. The older faction wants to beat the younger one by passing a bill just to obtain the glory regardless of the injury it will (Continued on page 5)

Profiteering in Spuds Charged

Consumers Pay \$3.20 Per Bushel for Which the Farmer Received \$1.57 Per Bushel

Washington, Jan. 28—Charges of alleged extensive profiteering in potatoes have been brought to the attention of the government. It was learned today and will be investigated. Fortunes probably are being made out of the erstwhile humble "spud."

According to information already in possession of the investigators, consumers in many parts of the country are now being forced to pay at the rate of \$3.20 per bushel for potatoes at retail grocery stores. It was learned. Farmers who grew the potatoes received slightly more than \$1.57 per bushel, which was the price paid them in November, according to reports to the agricultural department. Middlemen, wholesale and retail dealers get the balance of the consumers \$3.20. Retailers say the high prices are due to a nation-wide shortage of potatoes. Stocks of potatoes of the 1919 crop now on farms and in the hands of dealers total 128,181,000 bushels, according to the agricultural department.

L. W. W.'s Demand Change of Venue

CLEM J. RANDAU,

(United Press Correspondent)

Montesano, Wash., Jan. 28—Determined to impress upon the jury its contention that fair trial is impossible here, the defense in the trial of the eleven alleged L. W. W. on murder charges, today renewed its application for change of venue. Only two of the eleven men and one woman who took their places in the jury box at the opening of the court session today, had been passed as temporary jurors.

Offensive Against Horse Racing and Gambling

Washington, Jan. 28—Reforming forces in congress are quietly organizing for an offensive against horse racing and gambling which is expected to drive those pastimes into the limbo where liquor now lies. The fight will not be started in the open until the forces are certain they have enough votes pledged to give them victory. The work of lining up these votes is under full swing.

With Two Million Lire and Supplies for Albania on Board, Says he Needed the Money

(By United Press)

Rome, Jan. 28—Forces of Gabrielle D'Annunzio have seized the steamer Taranto enroute to Albania with supplies and two million lire in money and will unload here at Fiume, according to a dispatch from Trieste.

The Taranto was met by forces in D'Annunzio's command and was forced to change her course and headed into the Fiume harbor.

The poet explained, according to the dispatch, that he needed the two million lire to pay his troops.

Woman's Death is a Mystery

(By United Press)

Detroit, Mich., Jan. 28—Analysis of the stomach of Mrs. Maude Scott Richards, of Dallas, Texas, whose body was found in a downtown hotel here yesterday after the woman had been missing three days, were to be made today in an effort to learn the cause of her death.

Coroner Park, after a hurried examination, said the woman died by inhaling chloroform. A bottle which apparently had held the poison, was found in her hand.

Pres. Wilson Urges Relief Appropriation

Of 150 Millions for the Starving Populations of Poland, Austria and Armenia

(By United Press)

Washington, Jan. 28—President Wilson today requested Secretary of the Treasury Carter Glass to make another appeal to congress for an appropriation of \$150,000,000 to be used in relieving the starving population in Poland, Austria and Armenia.

President Wilson in a letter to Mr. Glass expressed regret that congress had not already authorized this loan. The appropriation is pending before congress. It had been urged by Herbert Hoover, General Bliss and others who declare starvation will kill thousands if this relief is not authorized.

Disabled Transport Safely in Port

(By United Press)

Halifax, Nova Scotia, Jan. 28—The American transport Powhatan, disabled and drifting down the water, today was docked at the Ocean Terminal here after ten days' battle with terrible blizzards, heavy seas and zero weather. Her crew of 250 men and 28 officers were safely landed on shore. The passengers were removed several days ago by the steamer Northern Pacific and landed safely in New York.

The Powhatan was drawn into the Halifax harbor early last night and docked at the government pier at 10:30. Scores of ambulances and automobiles were at the landing to remove the sick to special hospitals, but were not needed. Only two or three were slightly ill, none were frostbitten. Each member was paid \$20 extra to use for celebrating. The Powhatan will remain in the harbor until a new propeller is installed.

Hearing of the Socialist Assemblymen Continues

HAROLD JACOBS

(United Press Staff Correspondent.) Albany, N. Y., Jan. 28—Mayor Geo. R. Lund of Schenectady, two times elected on the socialist ticket, was called to the witness stand by the prosecution today in the hearing of five suspended New York socialist assemblymen.

That the socialist party has part of its program the "overthrow" of the government was the declaration made by John Stanfield, chief counsel for the committee, during a verbal tilt with Socialist Counsel Stedman over the admissibility of certain evidence.

"The whole theory of this hearing," Stanfield said, "is that the socialist party and its affiliated organizations have embarked on a program to overthrow our government—some say by constitutional means and others by violence."

Defaulting Postmistress Arrested at Cleveland

(By United Press)

Chicago, Jan. 28—A jagged trunk cleat which ripped baggage men's hands, tore hotel carpets and defaced doorways, was the clew which put Irene McAuliff, suburban postmistress, under arrest at Cleveland, Ohio, today. With the postmistress was Merrill S. Inks. They had been traced through scores of southern resorts following the discovery that \$13,000 were missing from the post-office, inspectors said. She was arraigned on the charge of embezzlement of government funds and possibly the Mann act.

Monarchist Revolution Did Not Materialize

By CARL D. GROAT
(United Press Correspondent)

Berlin, Jan. 28.—The birthday of the former kaiser, Wilhelm, apparently was destined to pass without incident. Rumors of a monarchial outbreak following the shooting of Mathias Erzberger show no signs of becoming a reality, as troops of Gustav Noske, minister of defense, patrolled the streets today. Physicians believe Erzberger will recover safely unless infection develops. His shoulder was splintered.

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone! Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what it does for sore throat, bronchitis, croup, stiff neck, asthma, nervous congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbite, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.

THESE ARE ORIENTAL DAYS

By MARGARET ROHE
(Written for The United Press)
Oh, woman in your hours of ease
You simply must be quite Chinese;
And in such togs
Eschew all dogs.
Except a Chow or Pekinese.

New York, Jan. 27.—Right in the
midst of the happy family circle all
the girls are trying to imitate Lenore
Ulric in "The Son Daughter." They
are all dressed up in those cute little
embroidered Chinese suits until New
York days at home look like Lime-
house Nights. Of course these effective
three coats and wide trousers of
vivid Chinese brocade banded in con-
trasting hand embroidery have long
held a favored place among the neglig-
ees of a discerning few. Fay Baint-
er in "East is West" won many of
their charms last season and since
Miss Ulric displays their beauty and
practicality so artistically in her new-
est role there has been a renewed im-
petus in their demand.

A smart Fifth Avenue shop follow-
ing up the latest fashion hint from
China by way of the Belasco theatre
has had a whole window every-
thing and cranny, full of Chinky
lounging suits, Mandarin coats and
elaborately bectie head dresses.
These latter are much too ornate and
bristly for any comfort round the
house but the trouser suits certainly
made for relaxation, ease and beauty,
too, provided of course you don't
stand over five feet two in your em-
broidered Chinese slippers nor rip the
scales at more than one hundred and
twenty five pounds avoirdupois.

Frankly if you are either statues-
que or portly the Chinese influence
is a bad influence for you but if you
are petite and svelte then you can be
as Celestial as you like, and look it,
too.

Besides the entire silken suit of
one color, such as the young Chinese
girls wear, black satin trousers worn
with the vivid satin coats elaborately
embroidered are very small indeed.
Along with these Chinese suits mil-
lady has developed also a decided pen-
chant for Chinese scents. Erstwhile
happy homes and firesides simply
reek with temple incense in all fla-
vors and the atmosphere is as bluey
thick as a Flu Manchou opium den or
a Greenwich Village studio. Subtle
Oriental perfumes from Paris in fasci-
nating and intriguing Chinese
names appeal strongly to both vamp
and vestal, and are as expensive as
they are extensive. One surely has
to hand over a good many dollars for
a single scent like these.

By the way, all those good old sim-
ple flower garden perfumes seem to
have disappeared from our 1920 at-
mosphere. Whiffs of violet, white
rose, lily of the valley, lavender and
crabapple have vanished with "the
simple life when the smell like a
spicy old fashioned pink was prefer-
able to smelling like a punk stick.
Nowadays our super-extravagant nos-
trils sniff ecstatically only the odors
of the Orient and therefore Chinese
scents and Parisian sense combine to
take away our cents with great suc-
cess and efficiency.

One very important detail bearing
upon this Chinese sartorial fad hap-
pens to be a dog's tail. For natu-
rally any boudoir peach doggedly de-
termined to be true to Chinese form
must use discretion when picking
out her canine accessories and see to
it that her "muvers's precious" an-
swers to something like "Fantan" or
"Sen Sen" and has a Pekinese pedi-
gree as long as the Chinese wall.

Low Wages in Colombia.

Wages of the native washers and

ANNUAL MEETING IN BRAINERD DISTRICT

Swedish Lutheran Churches Number-
ing 21 and Having Membership
of 3,891 Meet Here

THURSDAY, FRIDAY, JAN. 29-30

Each Church Represented by Dele-
gate, Sessions at Clara Luther-
an Church in Brainerd

The annual meeting of the Brainerd district of the Swedish Lutheran church will be held in Brainerd January 29 and 30. This district contains eight pastorates and a membership of 3,891. There are 21 churches that will be represented each by a delegate.

The business meeting will begin Thursday afternoon at 3 o'clock at the local church. In the evening there will be a service for the public. Friday morning the business session convenes again at 9:30 o'clock and in the afternoon at 2:30 o'clock. In the evening the Ladies Home and Foreign Mission will give a program and at the close will serve refreshments.

Rev. E. G. Carlson, pastor of the Clara Lutheran church here, is taking an active part in preparing for the program and reception of the delegates.

A MUSICAL TREAT

Norwegian Nightingales to Sing at
New Park Theatre Sunday
Afternoon, Feb. 1

The Norwegian Nightingales, Agnes Lerstad, mezzo contralto, and Melvina Lerstad, soprano, are young ladies with naturally delightful voices, who are rapidly climbing the pinnacle of fame.

With them are Lucille Schroeder, a violinist whose equal is not often heard; she has a life-long familiarity with the violin, has received her training from New York artists, and has played before many audiences from the East to Chicago. The harpist, Marvel Lange, adds a quaint attraction of the program; the sweet harmony of the harp is not equalled by any other instrument, and the training and experience Miss Lange has received enables her to produce most pleasing effects. All this is delightfully supported by the excellent accompanying on the piano by Miss Jennie Nelson. Miss Nelson's remarkable technique enables her to perform not only as a soloist, but also as an accompanist of a most sympathetic type. Miss Hazel Bryngelson, who as a reader, makes the audience both laugh and cry, is also with the Norwegian Nightingales. She expresses the subtle humor in O. Henry's stories by the inflections of her voice and in her splendid facial expression. She also reads from other authors. Her lighter numbers include many dialects.

It has been said by most severe critics that this is a group of artists that is seldom, if ever, surpassed. So there is a real treat in store for the people of Brainerd, Sunday afternoon Feb. 1st, 3 o'clock at the New Park theatre.

DIED IN SOUTH DAKOTA

Mrs. Edith Rose Died in Watertown.
Funeral Thursday Afternoon
in Brainerd

The remains of Mrs. Edith Rose, wife of William D. Rose, were brought to Brainerd from Watertown, S. D., and the funeral will be held Thursday afternoon at 2:30 o'clock, from the B. C. McNamara chapel. Rev. W. J. Lowrie officiating. Death followed when she contracted pneumonia shortly after giving birth to a baby. She leaves her father-in-law, W. H. Rose, formerly of Brainerd, her husband and four children, Dorothy age 7, Margaret age 5, Frances age 3 and Virginia the baby.

NEW BAND LEADER

Wm. F. Palmer Former Director Dun-
woody Institute Band, Plans
Coming Here

The Brainerd City band expects to engage the services of Wm. F. Palmer, former director of the Dunwoody Institute band of Minneapolis, as its leader. Mr. Palmer is a cornetist of the Orpheum theatre and is also a talented pianist. He met with the Brainerd band at its regular rehearsal.

WATER AND LIGHT BOARD

Water Meters and Northern Pacific
Railroad Company Rate are
Discussed

The water and light board had all members present at its regular monthly meeting. Water meters, the Northern Pacific railway rate and other matters came up for discussion and the meeting lasted to 1 o'clock in the morning.

REPORT MAIL BOX TAMPERING

It has been reported that on Route 5 from the Brainerd postoffice, some one is tampering with the mail boxes and taking parcel post from them. If it occurs again it will be reported to the postoffice department and the guilty parties prosecuted. The government protects all mail boxes from public interference and no one has any right to open a mail box not their own.

PAVING PROGRAM PLANNED BY COUNCIL

The Brainerd city council at its regular meeting adopted a paving program for the season and ordered the city engineer to advertise for bids for paving with concrete Kingwood and Kindred streets, South Seventh street from Front to Laurel, and Laurel from Seventh and Eighth streets.

All council men were present except Alderman Huggdahl.

"GO FORTH AS A PEOPLE TO FIGHT"

(Continued from page 1)

cause the victim. The victim is not alone an industry, but it is our villages, our towns, our cities, our counties in northern Minnesota and every one living therein whose livelihood depends on the prosperity of those political units, therefore, it is up to the people to wage this fight and the time is now—now before another single legislator is elected.

No Mining Men in Legislature
"There are no mining men in the legislature and such are unwelcome. Southern Minnesota is over-represented. The farmer is well represented. It is emphasized that only the farmer-kind are to be trusted with legislation. Lately this sort of talk has been delivered more vehemently than ever before, and by outside hirelings at that.

"In twelve years-time six efforts have been made to exact or inflict a second or an additional tax on iron ore. Regardless of their character, they have always been called "tonnage tax" bills, and that name may well be perpetuated even tho it creates some misunderstanding. The measures presented in the legislature have varied a little each session but they have always had the same purpose.

Misled by False Leaders
Proponents of tonnage tax legislation have been either misled by false leaders because themselves ignorant of the facts pertaining to the iron industry, or are just naturally grossly unfair, unjust and vindictive. Some are unjust because we know that they know better, but for so-called "political reason" they support a bill they themselves say is vicious. Many a proponent has openly said that he must vote for the bill because his constituents say he should. Some legislators have had "tonnage tax" as a plank in their platform when there was no demand for it in their district. Every conceivable condition has been met with and many instances, indeed, have been nothing but political bank and demagoguery.

Constituencies Easy
"Of late the general public—the constituencies—have been advanced by the proponents as being behind the measure and the legislator has been like adamant when appealed to for fair play. He has, in turn, ever insinuated that it was the "Steel Trust" that was waging the fight against him, and he against it.

Understand Situation
"No longer debate the subject on the stump or in the legislative halls, but the people—the constituencies, must go forth and mingle, and explain, and learn to understand each other. Therein lies the hope of getting fair play.

Authors of Bills
"I have listened to many a legislator advocate the bills in speech delivered on the floor and I have argued with many, but I have yet to find even a substantial minority which has a clear understanding of the industry or the bill. The authors of the bills usually know the least.

Their leadership or attitude is for another purpose. It is needless to waste time arguing with such men. You would think we were infants and they believed themselves our adults who found it necessary to spank us and regulate for us."

Money Cannot Buy Any Better

They act promptly, without pain or nausea. They clear the bowels, sweeten the stomach and tone up the liver. Not habit forming. H. P. Dunn. mwl

ST. CLOUD-BRAINERD BOWLING TEAMS

Inspired by their two victories over Fergus Falls Saturday, the St. Cloud men Sunday invaded Crow Wing county and engaged the Brainerd bowlers. They were a bit off form and the Brainerd men took four contests from the two teams making the trip.

What is termed as the "first team" lost its first game when Brainerd counted 2685 in three games and held the St. Cloud men to 2326 seemingly a bit off form. The first team did a bit better in the second contests, hitting for 2483 but Brainerd hit for 2564.

In the first contests, bowled in the afternoon, Sasser of Brainerd had scores of 215 in the first, 236 in the second and 168 in the third, taking high score and high average of 208 1-3. In the evening contest Vic May hit high count of 221 but Sasser again took high average with 198 1-3. The scores:

BOWLING NOTES

The Owls defeated the N. P. Clerks Tuesday evening in all three of their games by a close margin.

The Seventh Street Society club

We now can show you a better assortment of sizes and styles in Gossard Corsets than we have been able to show in months. We fear that we cannot assemble a similar assortment soon again as the demand for these garments is greater than the factory output. We advise you to select your corset now.

H. F. Michael Co.

Bon Ton CORSETS

will meet the Boilermakers at Cook's

alleys Friday evening at 8 o'clock.
Tuesday night Roife set a pace for the bowlers this week in the high score. He rolled 275, beating Ziebell's 273. While he was doing it he rolled seven games, five of them being over 200. For the seven games he made an average of 229.

Ziebell is high man in the 200 hon-
or roll for the month with 29 games.
Happy Englund is a close second with 18 and Big Bill Sasser third with 17.

DISTRICT COURT

No Session of Court Held Wednesday
As Court Reporter Madsen
is Sick

District court with Judge B. F. Wright presiding, was not in session Wednesday as the court reporter, Mr. Madsen, of Park Rapids, was sick.

Cat and Rat Friendship.

The strange story of the rat that made friends with a cat is told by W. H. Hudson in his "Book of a Naturalist." The rat first "thrust itself and its friendship" on a village woman in Lelant, West Cornwall, England. It not only grew familiar with the woman, but even with her cat, "which appeared to know intuitively that it (the rat) was there as a privileged guest, while the cat, on its part, seemed to know, also by intuition, that it had nothing to fear." The friendship deepened; cat and rat seemed pleased to be together, and would even drink milk from the same saucer, and sleep hunched up together!

Autointoxication.

Autointoxication is self-poisoning and has nothing to do with the modern auto. It is due to toxins produced by bacteria within the body, from pus pockets, decaying teeth, pyorrhea, bad tonsils or from bacterial fermentation in the intestines.

STOP CATARRH! OPEN NOSTRILS AND HEAD

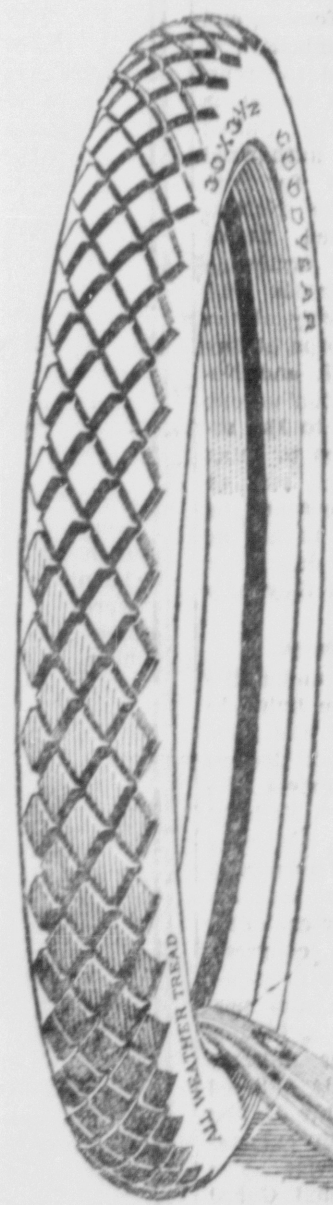

Says Cream Applied in Nostrils
Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, sneezing, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

Goodyear Leadership— and Tires for Small Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for small cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3, 30x3½, and 31x4-inch sizes.

Last year more small cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

PUT STOMACH IN FINE CONDITION

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflame the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea. He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and, furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teneup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 20 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

RESERVE CREATED BY SENATE BILL

NATIONAL GUARD AND THOSE WHO HAVE COMPLETED TERM OF MILITARY TRAINING.

PROVISIONS FOR TRANSFER

Reservists Are Assigned to Organizations for Period of Five Years With Same Grade and Rating as in Regular Army.

By JAMES P. HORNADAY.

Washington.—The new senate army bill provides that every young man after completing the four months of military training provided for in the bill shall become a reservist who will be assigned to an organization of the national guard or of the organized reserve establishment for the locality in which he lives, and will serve therein for a period of five years, when he will be transferred to the unorganized reserves. Under regulations to be prescribed by the president, any reservist, upon change of residence, may be transferred to the appropriate organization of the national guard of the United States, or of the organized reserves establishment for the locality of his new residence, so far as the needs of the service will permit. Each reservist will be assigned to or from time to time transferred to that arm or branch of the service which he may elect or for which he may be found to be best qualified. But no reservist can, under the provisions of the proposed legislation, be assigned or transferred to an organization of the National Guard of the United States without his consent.

The number of reservists who have completed their training in the training forces that may be assigned to the National Guard will be prescribed by regulations of the war department, but it shall not in any year exceed one-third of the maximum strength of the National Guard of the entire country. All young men who have completed the military training course and have not been assigned to the National Guard become members of the United States organized reserves.

May Be Trained to Be Officer.

While assigned to the organized reserves, reservists will be subject to mobilization and additional training for two annual periods of not to exceed two weeks each during their membership therein. Any reservist assigned to the organized reserves who desires to qualify as a non-commissioned officer or as a commissioned officer may take additional training. A reservist may be commissioned in the organized reserves for a period of ten years.

The grades and ratings for reservists assigned to or enlisted in the National Guard, or in the organized reserves, are to be the same as grades, ratings and rates of pay provided for enlisted men for the permanent personnel of the army. Until the system of military training proposed in the Wadsworth bill becomes effective, and in order to permit the organization of the organized reserves and the reorganization of the National Guard of the United States, the president is authorized to provide by regulation for voluntary enlistments in the National Guard of the United States or enrollment in the organized reserves, of all male persons who honorably served in the army of the United States or marine corps at any time between April 6, 1917, and November 11, 1918, for a period of one year. Reservists assigned to the organized reserves, in addition to being subject to call for training, may at any time, with their own consent, be called into active service to act as instructors, or to perform any other appropriate duty for which they may be qualified.

For National Emergency.

The organized reserves under the proposed legislation will be liable to call for military service by the president only when congress shall declare that a national emergency exists. The maximum strength of the National Guard of the United States, under the proposed legislation, is to be approximately equal to 800 officers and enlisted men, or reservists, for each senator or representative in congress. There is a provision in the proposed legislation that heretofore any persons liable for military service in time of war, but not liable for military training, may be voluntarily enlisted in the National Guard of the United States, and while serving be exempted from other military service. The qualifications in the National Guard are to be the same as those prescribed for enlistment for the permanent personnel of the army. The proposed legislation makes provision for vocational training of recruits in the National Guard.

It is stipulated in the senate bill that each company, troop, battery and detachment in the National Guard of the United States shall assemble for drill and instruction, including the indoor target practice, not less than 48 days each year. In addition to this work each unit must participate in encampments, maneuvers or other exercises, including the outdoor target practice at least 15 days in each training year.

Catarrrhal Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrrhal deafness, and that is by a constitutional remedy. Catarrrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrrhal Deafness that cannot be cured by Hall's Catarrrh Medicine. Circulars free. All

CHEAT IMP OF WAKEFULNESS

Some Methods by Which It Is Said the Drowsy God May Be Successfully Warded.

Sufferers from sleeplessness should try this trick. Have a pair of blinders made from a double thickness of black silk. These should just cover the eyes, with a cut for the nose, being held in place by a broad elastic band. Hang these on the bed post, and if the morning light comes in too early put them on. Another remedy is suggested by the sleeping methods of pigs. Tie two paper clips to either end of a cord seven or eight feet long. Clip the top of the counterpane with one and a soft weight with the other. If not sleeping after 15 minutes, pull the counterpane over your head. This induces that long, even breathing, natural to the approach of sleep, as may be noticed in pigs. As one dozes off, the hand holding the counterpane relaxes, and the weight pulls it down, so that one is again breathing fresh air. People suffering from insomnia should, when traveling, insist upon a double bed in a quiet room. Be sure that it is not over the kitchen or near a motor garage, or facing a clock that sounds the quarter hours, or within a girl's throw of a fowl house.

SETTLED HIS RIVAL'S HASH

Man's Remark Could Only Be Classified as a Remarkable Inspiration of Genius.

Every man thinks all sorts of things about his rival, but not every man is genius enough to say exactly the right thing to lower his rival's opinion of the same rival. But recently a remark was overheard in a downtown restaurant which proved that one man possessed that ability. He and his best girl were eating when the other man entered the restaurant. Immediately he came to them, shook hands with the girl and, after being introduced to the first man, talked a few minutes.

Now, the girl had quoted this second man so much that his came to the first man was like the sight of a red flag. And she firmly expected a stormy session when the interview left. But instead of that the escort calmly went on with his eating, offering only one comment: "There's one man I'll never be jealous of again."

Coughed Day and Night

John Vognue, Elberton, Ga., writes "I coughed night and day and my throat was raw and sore. I got a bottle of Foley's Honey and Tar and my condition began to improve and in a few days I was as well as ever. In my opinion Foley's is the best cough medicine made." Best for colds, croup, whooping cough. Children like it. H. P. Dunn. mwf

Children Like It

"You know it is not an easy matter to get children to take medicine, and forcing it on them does no good. Most mothers know that a cough medicine, while palatable, should contain no drug injurious to the child."

The great popularity of Chamberlain's Cough Remedy is explained by the fact that it contains no opium or narcotic of any kind, and at the same time is so pleasant and agreeable to the taste that children like

Chamberlain's Cough Remedy

For this reason alone it is a favorite with the mothers of young children."

Magnesium and Aluminum.

Magnesium and aluminum are much alike in many respects and quite different in others. Magnesium is one-third lighter than aluminum, and at the same time denser, harder and tougher. Atmospheric influence is about the same on magnesium and aluminum; but, while alkalies such as ammonia or soda, attack aluminum considerably, magnesium is not affected as much. Magnesium is worked into objects having sharp edges, serews, etc., more readily and with better results. It takes a high polish, is readily hammered and rolled, and can be swaged or pressed like tin into any shape.

"Cakes and Beer, and Washing Here"

Before a ramshackle house in a little New England village there used to hang this sign:

"Hiram, the widow's son, I hope
"Can furnish customers with soap,
"Such as will make the washing day
"Pass off as pleasant, e'en as May.
"Cakes, and beer, and washing here."

Hiram had the right idea. He knew that there were people who wanted what he had to sell. The difference between Hiram and the modern advertiser is that the former had to trust to somebody passing to see his sign. He could not bring his sign to everybody.

The modern advertiser with something to sell that he feels you want, saves you the trouble of going to his place to see about it. Readers of advertisements visit all the advertisers at a single sitting.
